

# Our Vision and Values

Our **VISION** is to provide a nursery which feels like a home from home with an extended and supportive family environment. Through play, we aim to empower and support our children to make a difference in their lives, their community and the wider world and to develop the knowledge and skills needed in a changing society.

Our **VALUES** are based on a variety of theories and approaches and in particular the following principles and values that underpin all aspects of our work:

Principles that promote...

- ✚ The welfare of the child
- ✚ Parents as the first and foremost educators of their children
- ✚ Working in partnership with others

Values confirming...

- ✚ Children are unique and should be respected as individuals, with rights, needs and views of their own.
- ✚ The right of children to play and its importance in children's care, learning and development.
- ✚ Parents as partners in their children's care, learning and development
- ✚ Inclusiveness, Individuality, differences and diversity are valued and celebrated
- ✚ Equality of opportunity for all children and adults.

## Our Core Values

Honesty

Respect

Kindness

Compassion

Individuality

In addition to the values that our families can expect from the nursery, we also work to instil important values in our children throughout their nursery journey. Our core values above represent our nursery community and are promoted with children and adults throughout their play, learning and interactions.
